## Our Geography

# ABOUT SUSTAINERA

Sustainera Solutions offers a rich tapestry of services including ESG Services, Carbon Services, Sustainability Services, Circular Economy Services, Health and Safety Services, Environmental Services, Research & Intelligence, and Capacity Development. Our services cover all stages of project implementation — from Gap Assessment and Strategy Development to Implementation Support and Final Reporting — ensuring a comprehensive and results-driven approach.

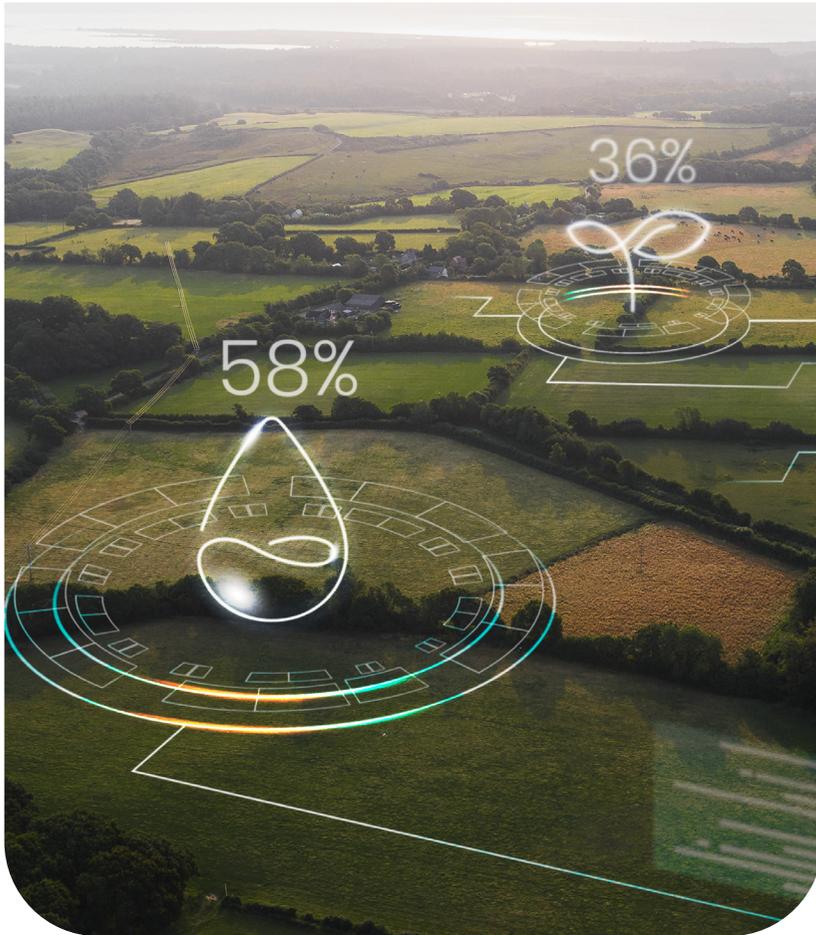

Our portfolio spans company-level initiatives to policy development, with projects focused on enhancing sustainability, mitigating climate impact, ensuring safety and risk resilience, driving strategic transformation, and fostering environmental intelligence.

By being part of esteemed networks like Inogen Alliance, GRI, and CTX Global, we serve as a gateway for bringing global best practices in sustainability to the local market—bridging global expertise with local impact.
